

## HOW TO CHECK **KCombo-7 G Hardware** VERSION

1. Check the serial no. of your ONWA KCombo-7.
2. If after the model, there is a letter G, then it is a G hardware Version.

Example:

### **NOTE:**

- G Hardware version is for KCombo-7 only.
- The G Hardware version, is JUST an update on the parts inside the unit, and does NOT affect function features.
